

Digest of Ethics Advisory Panel
Opinion #91-68, Request #189
Issued September 19, 1991

An attorney seeks Panel advice regarding the proper use of a brochure by the attorney's law firm.

The Panel advises that the brochure may be put in the attorney's waiting room as long as it complies with Rhode Island Rule of Professional Conduct 7.1 and contains the required specialty disclaimer of Rule 7.4. Since mail distribution is to be limited to person who are already clients, that is also permissible.
