

APPEALS OF THE MASTER'S DECISIONS

Individuals wishing to appeal a decision of a Family Court Master should file a stipulation claiming such appeal with the Reciprocal Office. Within five(5) days of filing this stipulation, the appellant must file with the Reciprocal Office a decision containing findings of fact pertaining to the hearing in question. Such findings should be signed by the Master who rendered the decision. No appeal will be in order unless the decision containing the findings of fact is filed.
