

## **PROGRAM DESCRIPTION**

### **JUSTICE RULES**

Justice Rules is an educational initiative of the Rhode Island Judiciary introduced in 2004. The K - 12 curriculum includes suggested lessons to supplement a classroom syllabus, and the lessons are aligned to state social studies standards.

The three (3) primary goals of Justice Rules are:

1. To teach children the basic principles of the legal system;
2. To cultivate positive attitudes about the third branch of government; and
3. To promote interest in careers in the Judiciary.
