

Digest of Ethics Advisory Panel Opinion  
Opinion #91-44, Request #117  
Issued July 18, 1991

An attorney seeks Panel advice concerning the ethical propriety of another lawyer's refusal to satisfy the attorney's lien out of funds the lawyer holds on behalf of a former client of the inquiring attorney. A directive to the other attorney to deliver the funds is sought.

The Panel declines to render an advisory opinion in this matter because the Panel has no authority to issue directives to members of the bar.
